

## ICRAN 2016 - Bogotá Colombia

Prof. Dr. Tomas Menovsky introduced at ICRAN Bogota GELITA MEDICAL products in the section NEUROVASCULAR INJURIES: New Trends in Management.

The first presentation "General Experiences in Neurosurgery with Gelatin-based Hemostats" introduced to the audience the experience of Dr. Menovsky with GELITA-SPON® POWDER and GELITA TUFT-IT®.

The second presentation "GELITA-CEL® CA-powder in Neurosurgery introducing the No-Touch-Technique" attracted a very large and interested audience.

ICRAN is an official international event organized by the World Federation of Neurosurgical Societies (WFNS) together with the Colombian Association of Neurosurgery (ACNQ). ICRAN allows a comprehensive assessment of the most important issues in the world of trauma neurosurgery, including aspects of emergency and neurological care, hemorrhage control and neuroprotection.
